- 4 **Sell stuff on eBay** - we all have a few extra 'pre-loved' things at home, so this is the perfect moment to dust them off and list them on eBay. When you pop them up for sale, you can choose to direct some or all of the sale price to the DEC. Find out more about eBay for Charity here: www.ebay.co.uk/rpp/charity-sellers

FUNDRAISER'S BRIEF

THE INDONESIA TSUNAMI

What happened

On Friday 28 September, an earthquake measuring 7.4 on the Richter scale rocked the Indonesian island of Sulawesi. This triggered a tsunami with waves as high as 18 feet which hit Palu, Donggala and Mamuju at speeds of 400 miles per hour, leaving a trail of destruction in its wake.

Who's been affected and how?

- Tens of thousands of homes have been destroyed
- At least 2,000 people have died and more than 5,000 are missing
- A further 10,700 people are seriously injured
- Around 200,000 survivors are in urgent need of humanitarian assistance, a quarter of whom are children
- Whole areas were cut off for days and as rescuers struggle to reach outlying communities, authorities fear that casualties will continue to rise. It is estimated that it could sadly take up to five months to find all of the dead
- Landslides, debris, a shortage of fuel plus power-outages have hampered emergency relief efforts

What's needed?

- **Food** - people have gone for days with very limited, if any, food
- **Clean water** - drinking water is in very short supply, as water sources have become contaminated and water pipes have been damaged
- **First aid** - some hospitals have been destroyed, while those that are still functioning are overwhelmed. The risk of disease outbreaks is high because water and waste systems are broken
- **Shelter** - more than 67,000 houses have reportedly been damaged. Many homes sank down into the mud when the earthquake caused the soil to liquefy. People are staying in makeshift shelters or in the open due to fear of further damage from aftershocks or more earthquakes
- **Trauma-counselling** - to help survivors cope with everything that's happened to them

October is the start of the rainy season which will most likely affect relief efforts, making the need for a swift response and added shelter all the more urgent.

What have we provided so far?

From the moment disaster struck, DEC members have been providing Indonesian partners with vital support to scale up rapidly and save lives. Through those partners, we've delivered essential items such as: food packages; thousands of litres of clean water; medicines and hygiene kits; tents and tarpaulins; emergency vehicles such as ambulances and water trucks; and generators, fuel and lighting equipment. We've also supported the set-up of temporary medical clinics and public kitchens, helped with the reunification of separated families, and created child-friendly spaces where children can play and recover while their families begin the process of rebuilding their lives.

Where your money will go

- **£10 could provide a survivor with clean water for 2 months**
- **£90 could provide emergency shelter for 3 families**
- **£150 could feed 3 families for a month**
